**SUSTAINABLE INVESTING IN EQUILIBRIUM**

Academic Journal | edselp | Pástor, Ľuboš | In Journal of Financial Economics November 2021 142(2):550-571 | 2021

We model investing that considers environmental, social, and governance (ESG) criteria. In equilibrium, green assets have low expected returns because investors enjoy holding them and because green assets hedge climate risk. Green...
